Our competitions run Monday to Thursday evenings starting at either 8pm or 8.30pm. The season runs for 12 weeks and all wash outs and public holidays are made up at the end of the season. The doubles competitions are teams of three, with each player playing 2 sets of doubles on the night. The singles and doubles competitions are teams of two, with each player playing a pro set of doubles and a set of singles on the night. We have a grading night before the start of every new season, we recommend all new players attend this night so you are enrolled into the correct competition. Players can join individually or as a team. Please note, due to the high number of entries expected and the limited number of places available, we can't guarantee placement for all players who enrol. Preference will be given to entries first received and players who missed out in previous competitions.
